HISTORICAL NOTICE.

ON the 23rd December, 1878, a Royal Commission was appointed to inquire into and report upon the operations of the University of New Zealand and its relations to the Secondary Schools of the Colony, and upon the best means of bringing secondary and higher education within the reach of the youth of both sexes. The Commission in its report, under date 9th July, 1879, among other things recommended that the inequality in the educational institutions of the two islands should be removed by establishing, at the most important centres of population in the North Island, Colleges capable of supplying an education of the same standard as that provided by the University of Otago and Canterbury College, and proposed that the Government should invite the Legislature to make immediate provision for the establishment of two Colleges, one at Auckland and the other at Wellington, of such a character as has been indicated. The Commissioners further stated that "They were of opinion that it will be necessary for the Government, either to select out of lands at its disposal suitable sites for College buildings at Auckland and Wellington, or to acquire such sites, and that two grants of £12,500 each should be made for the building of the two Colleges and for fittings and apparatus," and went on to say, "Although these sums are not equal to those expended for like purposes in Dunedin and Christchurch, we think they will be found sufficient for present requirements."

For the annual maintenance of these two Colleges the Commissioners suggested that the Government should utilise the reserves set apart for the promotion of higher education in the Pro-

vincial Districts of Auckland and Wellington, and that the two Colleges should be respectively endowed with Crown lands sufficient to provide an immediate income to each amounting to £4,000 per annum; that if this were not practicable the deficit in each case should be made good by a pecuniary grant.

A College was established in Auckland by "The Auckland University College Act, 1882."

Nothing was done for Wellington until the year 1894, when an Act was passed entitled "The Middle District of New Zealand University College Act, 1894, which said "There shall be established in city of Wellington a College to be connected with the University of New Zealand"; and provision was made for a governing body, to be called the Council, but no provision was made for any pecuniary grant or endowment. Certain members of the Council were appointed, but nothing could be done for want of funds.

In the year 1897 the Right Hon. R. J. Seddon P.C., Premier of the Colony, introduced into Parliament the Victoria College Act; an Act, as stated in the preamble, "to promote Higher Education by the establishment of a College at Wellington in commemoration of the sixtieth year of the reign of Her Majesty Queen Victoria," the College being intended to embrace in its work the Provincial Districts of Wellington, Taranaki, Hawke's Bay, Nelson, Marlborough and Westland. The Act was passed on the 22nd December, 1897, the Council was formed, and the work of organisation was begun. The Act provides for the payment out of the Consolidated Fund of a grant of £4,000 a year, and out of this sum the Council was required to give six scholarships each year called "Queen's Scholarships," to persons of either sex under the age of 14 years upon the results of an examination under such

conditions as the Council may prescribe. In 1903 an amending Act was passed providing for six Junior and four Senior Queen's Scholarships. In 1906 the College was relieved of the payment of these Scholarships. By the Education Act Amendment Act 1907, the Queen's Scholarships were abolished. Since 1905 the College has received from Parliament an annual grant of £2,000 for specialisation in Law and Science. The Act of 1897 further sets apart a parcel of land 4,000 acres in extent in the Nukumarū Survey District (Wellington Provincial District) as an endowment for the College.

The Council decided to begin by the appointment of four Professors for the Chairs of English Language and Literature, Classics, Mathematics and Mathematical Physics, and Chemistry, and the following were appointed:—Classics, J. R. Brown, M.A., St. Andrews and Oxford; English Language and Literature, H. Mackenzie, M.A., St. Andrews; Chemistry and Physics, T. H. Easterfield, M.A., Cambridge, Ph.D. Wurzburg; Mathematics, R. C. Maclaurin, M.A., LL.D., Cambridge. These Professors arrived in the Colony at the end of March, 1899, and as soon as possible classes were organised and lectures begun. Lectureships in French, German, Mental Science, Economics, Constitutional History and Jurisprudence, Law, Geology and Education were established.

The College was admitted as an institution affiliated to the University of New Zealand on the 23rd February, 1899.

In 1900 an Act was passed whereby the College Council was empowered to acquire a site for the College buildings, being part of a town reserve situated on Salamanca Road, six acres in extent, and the Government provided £31,000 towards the cost of buildings. A portion of the buildings was erected,

the foundation stone being laid by His Excellency Lord Plunket, K.C.V.O., on the 27th August, 1904. They were opened by His Excellency Lord Plunket on the 30th March, 1906.

In March, 1910, a further portion of the buildings was completed, forming a wing at the rear of the Arts Building. This wing contains two large class-rooms, and in the basement a men's cloak room, a women's common-room, and a large room in which light meals may be obtained during the College session.

The number of students has been:

In 1909, by an anonymous donor, £100 for Physical Apparatus.

In 1909-10, by public subscriptions, £825 for buildings.

In 1911, by an anonymous donor, £75 for Chemical Apparatus.

In 1911, by the late A. P. Buller, £44 9s. for the library.

In 1911, by an anonymous donor, £50 for a Research Scholarship in Physics.

Books for the Library have been given by the late Sir James Hector, K.C.M.G., Mr. Justice Cooper, the late Mr. H. W. Eve, Messrs. J. W. Joynt, A. P. Buller, R. T. Turnbull, T. W. Kirk, Miss Izard, and Sir R. Stout.

ADVICE TO STUDENTS.

(a) Students should, as far as possible, map out complete courses of study. It is the experience of the Professorial Board that this cannot in general be wisely done by students for themselves; and the Board is desirous of giving the fullest possible guidance in this respect. All students ought to consult with members of the Board before deciding upon their courses.

Students proposing to repeat a subject should in all cases consult the professor of that subject.

(b) One year's study is not to be regarded as sufficient for a degree course in an Arts or Science subject, unless the student has a good previous knowledge of the subject.

(c) Such subjects as a student has previously studied (at school or elsewhere) and desires to pursue further, should as a rule be taken at the beginning of the course.

(d) Care must be taken in the arrangement of the course in order to avoid clashing in the hours of lectures.

(e) Special attention is drawn to the footnote on p. 26.

REGULATIONS.

1. The College year shall consist of two Terms: the First Term to begin towards the end of March and to end towards the end of June; the Second Term to begin about three weeks from the first day of July and to end in the last week of October.

2. The following are the subjects recognised in this College for keeping Terms: —

- | | |
|---|--|
| 1. Latin | 12. Applied Mathematics |
| 2. Greek | 13. Physics (including practical work) |
| 3. English | 14. Chemistry (including practical work) |
| 4. French | 15. Biology (including practical work) |
| 5. German | 16. Geology (including practical work) |
| 6. Philosophy | 17. Geography (B.Com. only) |
| 7. Education | |
| 8. Economics | |
| 9. Constitutional History and Jurisprudence,* | |
| 10. English History | |
| 11. Pure Mathematics | |

3. To pass in any subject a student (unless exempted—see below) must attend the Lectures in that subject, must do the regular work of the class to the satisfaction of the professor (or lecturer), and must pass such examinations as are prescribed in that subject. A student shall not be considered to have fulfilled the attendance requirement in a subject if he has been absent from more than one-tenth of the lectures in the subject.

*For the purposes of the Degree of Bachelor of Laws, Jurisprudence and Constitutional History shall be deemed to be two subjects, but no student can keep First Year's terms in these two subjects alone.

†Terms may be kept in Law subjects only, by Scholars, as provided in paragraph 5 (b).

4. The following shall be the general regulations for keeping terms* :—

(a) To keep First Year Terms, a student must pass in two subjects.

(b) To keep Second Year Terms, the student must pass in three subjects. (The standard of pass is higher for Second and Third Year Terms than for First Year Terms.)

(c) Students keeping Third Year Terms must pass in three subjects unless they have passed in four subjects either in the College Examination at the end of their second year or in the first section of the University Examination. No student shall keep Third Year Terms in any subject in which he has kept Second Year Terms or passed in the first section of the University Examination, except in those subjects in which two distinct courses are recognised. A subject repeated in accordance with the New Zealand University Statute B.A. or B.Sc. Degree counts as a separate subject for keeping terms.

5. Holders of Junior University and Senior National Scholarships may take a section of the University Examination for B.A., B.Sc., or LL.B., after keeping First Year Terms. To such scholars as intend to avail themselves of this privilege, the following special regulations shall apply :—

(a) To keep First Year Terms such a scholar must pass in three subjects (equivalent to the above requirement for Second Year Terms).

(b) To keep Second Year Terms for B.A. or B.Sc., such a scholar must pass in three subjects other than those in which he has kept First Year Terms, and one of them must be a repeated subject. To keep Second Year Terms for LL.B., such a scholar must pass in three subjects other than those in which he

*Attention is drawn to the following University regulation, which is now in force:—**A Student presenting himself for a University Examination must have passed the College Examination in the subject he offers, at a stage corresponding to that of the University Examination.**

has kept First Year Terms and these may be all Law subjects.

(c) To keep Third Year Terms for B.A. or B.Sc., such a scholar must produce a certificate of substantial progress in the subject of his special study.

6. Graduates in Arts or Science proceeding to qualify for a degree in Science or Arts, must keep terms in such further subjects as they require for that degree.

7. Students must notify to the Registrar, on or before the fifteenth day of August, the subjects in which they wish to keep terms. Students repeating a subject must notify the same.

8. (a) Exemption from lectures is provided for under certain conditions [Univ. Cal., p. 65, par. III.].

(b) To keep terms, exempted students must pass the Annual College Examination in the requisite number of subjects, and all the above regulations shall apply to them except that of paragraph 3.

(c) The fee for the Annual Examination of any student exempted from attendance at lectures shall be one guinea for each subject in which he is examined, and if fully exempted a further fee of one guinea.

N.B.—In no case shall a fee be refunded. But if a candidate be prevented by sickness, or other sufficient cause, from taking the examination, the fee shall be credited to him for a future examination: provided that such credit shall not extend for more than two years. If, after payment of the fee, the candidate be removed to another College district, the fee shall be transferred to his credit at that College.

Fees may be paid to the Registrar in two instalments, half each Term. No student shall attend any lecture until the necessary fees are paid. Students who begin to attend Lectures after the opening of the Term must pay full fees.

FEES FOR LECTURES.

A new scale of fees has this year been prescribed by the College Council and approved by the Governor-in-Council "subject to the proviso that in the case of students now on the books of the College who have attended lectures as Matriculated students the revised scale shall not be taken to apply before the beginning of the session of 1915." There is thus at present a double scale of fees, as in the following table, applicable respectively to students according as they come under the old regulation (O.R.) or the new regulation (N.R.)

CLASSES.

ENGLISH LANGUAGE AND LITERATURE.

Professor Mackenzie.

JUNIOR CLASS.

(Work for keeping First Year's Terms.)

This class meets three hours a week—Tuesdays 5 to 7 p.m., and Thursdays 6 to 7 p.m. Lectures will be delivered on Anglo-Saxon, Middle English, Historical English and on Rhetoric and English Composition. A general knowledge of the history of the literature of the period (1688-1744) prescribed for the B.A. and LL.B. section in English, or, as an alternative, the set books for the same section of the degree, will form part of the work for first year's terms. Junior students may attend any of the Senior Class lectures dealing with the period or set books. Training College students can keep First Year's Terms on the work prescribed for the "C" certificate.

Sweet's Anglo-Saxon Primer and Morris and Skeat's "Specimens of Early English," Vol. II. (chapters 2, 14 and 17 of the "Specimens" to be omitted), are prescribed for Anglo-Saxon and Middle English.

Morris' "Historical Outlines of English Accidence" will be used for Historical English Grammar.

Period of Literature: 1688-1744.

Text Books recommended:—

Age of Pope.

Set Books:—

Shakespeare's Henry IV., Parts I. and II., Henry V.

Pope's Essay on Criticism.

Swift's Battle of the Books.

Steele and Addison—The Spectator: the Club Papers, as follows:—1, 2, 12, 34, 105, 106, 108, 110, 112, 115, 117, 122, 123, 125, 126, 130, 131, 269, 295, 329, 335, 383, 517, 530, 549, 550.

The Vision of Mirzah 159.

Essay writing forms an important part of the work in all the English Classes.

N.B.—Information regarding various University prizes for Essays will be found at page 79 of this Calendar.

SENIOR CLASS.

This Class meets three hours a week—Mondays, Wednesdays and Fridays, from 8 to 9 p.m. Students can, however, subject to the Professor's approval, take the work prescribed for the Senior Class with the Honours Students from 7 to 8 p.m. on Mondays, Wednesdays and Fridays.

Three lectures will be delivered every week on the Literature of the period (1688-1744) and for part of the Term on the Set Books.

For Terms (Second or Third Year's) students will be examined on the work prescribed for the B.A. and LL.B., which comprises all the ground covered in the Junior and Senior Classes.

Period: 1688-1744.

Special attention must be paid to Defoe, Steele, Addison, Swift, Pope, Thomson; but, the other authors in the Period are not to be neglected. The literary movements and their leaders, the current types and forms of literature and their representatives, as well as the influence of the ancient classics and of the leading Continental literatures on the English literature of the period must also be examined.

Text Books recommended for the history of the literature of the prescribed period:—

Age of Pope.

Shakespeare's Henry IV. (Parts I. and II),
Henry V.

Pope's Essay on Criticism.

Swift's Battle of the Books.

Steele and Addison—The Spectator. The Club
Papers, as follows:—1, 2, 12, 34, 105, 106,
108, 110, 112, 115, 117, 122, 123, 125, 126,
130, 131, 269, 295, 329, 335, 383, 517, 530,
549, 550.

The Vision of Mirzah 159.

Recommended for reference:—

Ward's English Poets, Vol. III.

Craik's English Prose Selections, Vol. III.

The Anglo-Saxon, Middle English and Historical
Grammar for Second or Third Year's Terms are the
same as prescribed for the Junior Class:—

Sweet's Anglo-Saxon Primer.

Morris and Skeat's Middle English Specimens,
Vol. II.

Morris' Historical Outlines of English Acci-
dence (revised).

N.B.—Lounsbury's History of the English
Language and Skeat's Primer of English Etymology
will be found very useful.

ENGLISH AS A ONE-YEAR'S COURSE.

Students taking English as a one-year's course
are required to take Junior and Senior English
together.

SCHOLARSHIP AND REPEATED ENGLISH.

A series of more advanced lectures on Early and
Middle English and on the literature of the period
will be delivered to students, who are familiar with
the work of the Junior and Senior Classes, and who

are working for a Scholarship or are taking English as a "repeated" subject in their Degree course. Unless this class can be taken with the Honours Class, the hours of meeting will be arranged, as far as possible, to meet the convenience of students.

The work prescribed for Senior Scholarship and Repeated English is as follows:—

Period and Set Books as for B.A. and LL.B.
Anglo-Saxon, Middle English and Historical
Grammar as for Honours.

HONOURS CLASS.

Period of Literature: 1688 to 1744.

Special attention must be paid to Defoe, Steele, Addison, Swift, Pope, Thomson; but the other authors are not to be neglected. The literary movements and their leaders, the current types and forms of literature and their representatives, as well as the influence of the ancient classics and of the leading Continental literatures on the English Literature of the Period must also be examined.

Text Books recommended for the history of the Period of Literature:—

Age of Pope.

Set Books:—

Beowulf.

The lectures will cover the ground prescribed for Honours. The Class will meet on Mondays, Wednesdays, and Fridays, from 6 to 8 p.m., or at such other hours as may suit the convenience of students.

Beowulf and the Christ of Cynewulf (Ginn & Co.) will be used for practice in "unprescribed" Anglo-Saxon.

The following books (in addition to those prescribed for Senior English) are recommended:—

Wyld's Historical Study of the Mother
Tongue.

Lounsbury's Historical English.

Earle's Philology of the English Tongue.

Skeat's Principles of English Etymology
(First and Second Series).

Oliphant's "The New English," 2 Vols.

N.B.—A considerable first-hand acquaintance with the works of the chief men of letters of the period (1688-1744) is indispensable.

LATIN.—*Professor Rankine Brown.*

ADVANCED CLASS.

This Class meets on Mondays, Tuesdays, Thursdays and Fridays, 5 to 6 p.m., and Saturdays 8.45 a.m. The work in the class is conditioned by the books set for the University Honours Examination, but is not confined to these. The work on Tuesday and Thursday is mainly sight translation, and students repeating Latin must attend these classes. The Books read at these hours in 1913 will be Tacitus Annals I.; Cicero de Oratore I.; Catullus; Juvenal; and students repeating Latin will be expected to show some knowledge of these books in the examination for Terms. The special books for Honours are read on Mondays and Fridays. Those for 1913 are Cicero de Oratore I.-III., and Plautus-Rudens, Trinummus; Terence, Phormio. Courses of Lectures are given on Syntax, Literature and History; and weekly exercises are set in Latin Prose and Sight Translation.

SENIOR CLASS.

This Class prepares for the B.A. Examination of the University of New Zealand, and meets on Mondays, Wednesdays, and Fridays, 6 to 7 p.m. During 1913 the books read will be Sallust, Catiline; Terence, Phormio. Weekly exercises are set in Latin Prose and Grammar (Stedman's Grammar Papers), and lectures are delivered at intervals.

JUNIOR CLASS.

This Class meets on Mondays, Wednesdays, and Fridays 7 to 8 p.m. It is intended for first year students, and the work is of a more elementary nature than that of the Senior Class. Special attention is paid to Latin Prose (Ramsay, vol. I., 4/6), and

Grammar. The books read during 1913 will be Sallust, Catiline; Terence, Phormio. All students are expected to take this Class, unless exempted for special reasons by the Professor.

TUTORIAL CLASSES.

A class is held on Saturday (9-10) for Sight Translation, and on Thursdays (5-6) for Latin Prose and Grammar. All students who can do so are advised to attend these classes.

In addition to the books specially prescribed for the different Classes, the following are recommended for reference. All students ought to provide themselves with at least the first *three*:—

	s.	d.
Gildersleeve and Lodge, Latin Grammar	6	0
Meissner's Latin Phrase Book ..	4	6
Mackail's History of Latin Literature..	3	6
Smith's Student's History of Rome ..	7	6
Pelham's Outlines of Roman History ..	6	0
Lindsay's Short Historical Latin Grammar	5	6
Student's Companion to Latin Authors (Middleton and Mills) ..	5	0
Companion to School Classics (Gow) ..	6	0
Ramsay's Roman Antiquities ..	10	6
Smith's Classical Dictionary ..	7	6
Lewis and Short's Latin Dictionary ..	25	0
Lewis Elementary do ..	7	6

GREEK.—*Professor Rankine Brown.*

ADVANCED CLASS.

A class meeting four or five hours per week will be formed as required for students reading for Honours or Repeating Greek. It cannot be held after 5 o'clock.

SENIOR CLASS.

The work of this Class is arranged to suit students who are reading for the B.A. Examination. It will meet at least three hours per week at such times as may best suit students, provided that they can come before 5 p.m. The books prescribed for 1913 are Thucydides IV., Aristophanes Knights. For Greek Prose, Arnold (3/6) and Sidgwick (5/-) will be used. Goodwin's Greek Grammar (6/-) is recommended. For Sight Translation, Florilegium Tironis Graecum (Burrows and Walters) will be used.

JUNIOR CLASS.

This Class is intended for students who have just begun or are beginning Greek. It will meet probably three hours per week before 5 p.m., at an hour to suit students. The following books will be used:—Smith's *Initia Graeca*, part I. (3/6); Arnold's Greek Prose (3/6); Greek War of Independence (Son-nenschein).

The following books are recommended for reference:—

	s.	d.
Murray's History of Greek Literature ..	6	0
Oman's History of Greece ..	4	6
Bury's History of Greece ..	8	6
Greenidge's Greek Constitutional History	5	0
Liddell and Scott's Greek Lexicon	36	0
do. Abridged ..	7	6

FRENCH.—*Professor von Zedlitz.*

There will be five classes in this subject:—

1. Junior Class for B.A. degree work.
2. Senior Class for B.A. degree work.
3. Senior Scholarship class.
4. Honours Class.
5. Commercial Class.

1. JUNIOR CLASS.

This class is intended principally for first-year students. The work will constitute the first half of a two years' course in preparation for the B.A. examination. The class will meet on Tuesdays and Thursdays from 6 to 7 p.m.

The books read will be those prescribed for the B.A. examination of 1913. Regular exercises will be done in French Prose (Rey's French Composition and Idioms) and in Grammar (Spiers' Rapid French Exercises; Wellington College French Grammar).

2. SENIOR CLASS.

This class will meet on Tuesdays and Thursdays from 7 to 8 p.m. The books read will be those prescribed for the B.A. examination 1913. Regular exercises will be done in French Composition, Grammar, and Unseen Translation. The class will use E. le François, French Test Papers, and Massé, French Spare Moments (8d.). Lectures will be given on Literature as prescribed for the B.A. examination.

A voluntary class in grammar and pronunciation will be held from 10.30 to 12 a.m. on Saturdays, open to students of all classes.

Students who have not already arranged their plans for Vacation Reading are requested to communicate with Prof. von Zedlitz without delay. Students are reminded that the Vacation may advantageously be devoted to reading some of the works of the principal authors of the prescribed period of Literature.

3. SENIOR SCHOLARSHIP CLASS.

The work of this class will be in part the same as that of the Senior class, but special lectures will be delivered forming the first half of a two years'

honours course. The times for these lectures will be arranged to suit the convenience of students; provisionally 4 to 5 p.m. on Tuesdays and Thursdays has been reserved for them.

4. HONOURS CLASS.

This class will probably meet from 4 to 5 p.m. on Mondays, Wednesdays and Fridays. Intending students are requested to communicate with Professor von Zedlitz without delay. The Dictionary recommended is the Dictionnaire Général of Hatzfeld Darmesteter and Thomas (32/-).

The Best French Historical Grammar is that of Nyrop (3 vols., 30/-).

5. COMMERCIAL CLASS.

This class will be provided if required. The time of Lectures will probably be either from 6 to 7 p.m. or from 7 to 8 p.m. on Tuesdays and Thursdays.

ORAL EXAMINATION.

In connection with the requirements of the University an oral examination will be held at the various centres about the middle of October. Candidates are advised to take this examination when sitting for the First Year's Terms. The examination will include dictation, and reading of a short passage taken from the Fifth Act of Ruy Blas.

GERMAN.—*Professor von Zedlitz.*

There will be four classes in this subject:—

1. Junior Class for B.A. degree work.
2. Senior Class for B.A. degree work.
3. Senior Scholarship Class.
4. Honours Class.

In addition to these an elementary class for absolute beginners may be formed if required, also a class in Commercial German.

1. JUNIOR CLASS.

This class will meet on Tuesdays and Thursdays from 5 to 6 p.m., or at such other time as may suit. The work will constitute the first half of a two years' course in preparation for the B.A. examination. The books read will be: Hauff, *Wirtshaus im Spessart*, Schiller, *Selected Lyrics*, Goethe, *Lyrical Poems*. The class will also use *Eve's Grammar*, *Eve's Second German Exercises*, and *Morich's Grammar Papers*.

2. SENIOR CLASS.

This class will meet on Mondays, Wednesdays and Fridays from 5 to 6 p.m. Lectures will be given on literature and on the books prescribed for the B.A. examination 1913. The class will use *Eve's Grammar*, and *Morich's Grammar Papers*. The most suitable *History of German Literature* is that of Francke (10/-).

A voluntary class in German (speaking and reading aloud) will be held from 9.30 to 10.30 a.m. on Saturdays.

3. SENIOR SCHOLARSHIP CLASS.

The work of this class will be in part the same as that of the Senior Class, but special lectures will be delivered forming the first half of a two years' honours course. The times for these lectures will be arranged to suit the convenience of students; provisionally 2.30 to 4 p.m. on Tuesdays and Thursdays has been reserved for them.

4. HONOURS CLASS.

This class will probably meet from 2.30 to 4 p.m. on Mondays, Wednesdays and Fridays. Intending students are requested to communicate with Professor von Zedlitz without delay. The Dictionary recommended is Muret-Sanders smaller dictionary (18/-).

The best German Grammar is that of Blatz (2 vols., 16/-).

5. ELEMENTARY CLASS.

The times for this class will be arranged to suit the convenience of students. Siepmann's Public School Primer will be used.

In connection with the requirements of the University an oral examination will be held at the various centres about the middle of October. Candidates are advised to take this examination when sitting for First Year's Terms. The examination will include dictation, and reading of a short passage taken from the Third Act of Maria Stuart.

 MENTAL AND MORAL PHILOSOPHY.

Professor Hunter.

The classes in this subject are arranged as follows:—

(A.) JUNIOR CLASS.

PSYCHOLOGY AND LOGIC.

The object of this class is to make students familiar with the outlines of Psychology and Logic. All beginners are recommended to commence with this course. The class meets on Monday, Wednesday and Friday, at 6 p.m., Psychology being taken in the first term and Logic in the second. Exercises are

set, and time is given to the discussion of questions. Students of this class will attend the course (B) in Experimental Psychology.

Text Books:—

Russell's Elementary Logic, or Welton's Logical Bases of Education. Pillsbury's Essentials of Psychology. Seashore's Elementary Experiments in Psychology.

Any students desirous of reading for Honours in Mental Science should confer with the Professor before beginning their University course.

(B.) EXPERIMENTAL PSYCHOLOGY.

This course, which can be taken by itself, includes:—

- (a) The lectures on Psychology in Course (A). These are delivered throughout the first term on Monday, Wednesday and Friday at 6 p.m.
- (b) A course in the laboratory, covering an outline of the methods of psychological experimentation. Students will perform a series of typical experiments in sensation, perception, sense-illusions, memory and association, reactions, etc.

This course meets the requirements of teachers who desire to become acquainted with modern methods in Psychology.

Text-Books:—

Pillsbury's Essential of Psychology. Seashore's Elementary Experiments in Psychology.

(C.) SENIOR CLASS.

PSYCHOLOGY AND LOGIC.

Students are advised to take course (A) before joining the Senior Class. This latter course, however,

is complete in itself, and covers, but is not confined to, the requirements of the B.A., B.Sc., and LL.B. degrees. The class meets on Monday, Wednesday and Friday, at 7 p.m., Logic being taken in the first term and Psychology in the second. Exercises are set, and time is given to the discussion of questions. Students of this class may attend the course (B) in Experimental Psychology.

Text-Books:—

Titchener's Text-Book of Psychology or
Angell's Psychology. Welton and
Monahan's Intermediate Logic or
Creighton's Introductory Logic.

(D.) ADVANCED CLASS.

LOGIC, PSYCHOLOGY, ETHICS, AND THE HISTORY OF
ETHICS.

The arrangement of work in this Class is designed to meet the requirements of those who are reading for Senior Scholarships or are repeating Mental Science.

Before attending this course of lectures students should read Mackenzie's Manual of Ethics or Muirhead's Elements of Ethics.

The class meets on Monday, Wednesday and Friday at 5 p.m.

Text-Books:—

Welton's Manual of Logic, Vol. II.
Hibben's Logic Deductive and Inductive.
Bosanquet's Essentials of Logic.
Hoffding's Outlines of Psychology, or
Wundt's Outlines of Psychology.
Dewey and Tufts' Ethics. Rogers's
Short History of Ethics. Mayor's
Ancient Philosophy. Aristotle's Ethics.
Plato's Republic. Campbell's Plato's
Republic.

(E.) HONOURS CLASS.

LOGIC, PSYCHOLOGY, ETHICS AND HISTORY OF
PHILOSOPHY.

The Class meets on Tuesday and Thursday, at 5 p.m., and at other hours to be arranged at the beginning of the session.

Text-books:—

Venn's Empirical Logic. James' Principles of Psychology, 2 vols.; or Stout's Analytic Psychology, 2 vols. Paulsen's System of Ethics. Sidgwick's History of Ethics. Weber's History of Philosophy; or Rogers's History of Philosophy. Windelband's History of Philosophy; or Falckenberg's History of Modern Philosophy. Calkins' Persistent Problems in Philosophy.

 EDUCATION.—*Mr. Tennant.*

Class meets Monday, Wednesday, and Friday, from 4 p.m. to 5 p.m.

Lectures will cover the course prescribed for the B.A. degree.

Text Books:—

- I. Principles of Education.—School Hygiene (Lyster); Youth (Stanley Hall); Principles of Teaching (Thorndyke); Idealism in Education (Horne), or The Making of Character (McCunn).
- II. History of Education.—Brief History (Munroe); Educational Reformers (Quick).

Further reading—Talks on Psychology (James); Herbartian Psychology (Adams); Evolution of Educational Theory (Adams); Primary Curriculum (Hayward); Psychology and the Teacher (Munsterberg).

ECONOMICS.—*Mr. Wilson.*

PASS CLASS.

This class covers the work prescribed for B.A. and B.Com. degrees, and is a suitable class for those studying Economics for general information. Hours of Lectures: Mondays, Wednesdays and Fridays, 5 to 6 p.m. Exercises are frequently set and time given for discussion of questions.

Text Books:—

First Year Students.

Bullock: Elements of Economics.
Marshall: Economics of Industry.
Barker: Cash and Credit.

Second Year Students.

Nicholson: Elements of Political Economy.
Marshall: Economics of Industry.
Bastable: Commerce of Nations.
Hobson: Evolution of Modern Capitalism.

Exempted students are invited to communicate with the Lecturer with reference to their reading.

Any students desirous of reading for Honours in Economics should confer with the Lecturer at the beginning of their University course.

ADVANCED CLASS.

This class meets the requirements of those who are reading for Senior Scholarship or are repeating Economics. The class meets at times to be arranged.

Text Books:—

Gide: Principles of Political Economy.
Marshall: Principles.
Keynes: Scope and Method.
Armitage-Smith: Principles and Methods of Taxation.

Bowley: Elementary Manual of Statistics.
 Bastable: International Trade.
 Other reading is prescribed as required.

HONOURS CLASS.

This class meets the requirements of students reading for Honours. The class meets at hours to be arranged.

Text Books:—

Keynes: Scope and Method.
 Nicholson: Principles.
 Bastable: Public Finance.
 Harvey: History of Economic Thought.
 Other reading is prescribed as required.

HISTORY.—*Mr. Wilson.*

HISTORY.

This class, which covers the work for the B.A. Degree, meets on Mondays, Wednesdays, and Fridays, from 7 to 8 p.m.

Lectures during the First Term will be on general English History; during the Second Term on Europe in the Nineteenth Century.

Text Books:—

Oman: History of England.
 Oman: England in the 19th Century.
 Alison Phillips: Modern Europe.

Students reading for Honours in 1913 should consult the Lecturer at once as to their reading. The hours at which the Honours Class will meet will be fixed at the beginning of the session.

B.COM. DEGREE.

The Lecturer in Economics will also deliver courses of Lectures covering the work prescribed for the B.Com. Degree in the following subjects:—

Economics and European History, as for B.A. Pass; Economic Geography; Statistical Method, Currency and Banking.

Hours for the last three subjects will be arranged at the beginning of the session. Students in these subjects should communicate with the Lecturer as to text-books.

MATHEMATICS, PURE AND APPLIED.—

Professor Picken.

1. Lectures on Pure Mathematics for the B.A. and B.Sc. degrees on Monday, Wednesday, Friday, 5 to 6 p.m.

Text Books:—	s.	d.
Barnard and Child, A New Algebra ..	6	6
Hall and Stevens, Geometry, Pts. IV., V., VI.	2	6
Lachlan and Fletcher, The Elements of Trigonometry	2	0
Picken, The Theory of Elementary Trigonometry	2	6
Knott, Four Figure Mathematical Tables ..	0	6
Whitehead, An Introduction to Mathematics ..	1	0

2. Lectures on Elementary Applied Mathematics for the Pass degree on Monday, Wednesday, and Friday, 6 to 7 p.m.

Text Books* :—	s.	d.
Jackson and Milne, A First Statics	4	6
Besant, Elementary Hydrostatics	4	6

It is advisable that students attend the class in Pure Mathematics before attending that in Applied Mathematics, unless they intend proceeding to

* No text book on Dynamics is at present prescribed for the class; exempted students taking the subject may use any elementary text book.

Honours in these subjects, in which case both Pure and Applied Mathematics should be taken in the first year.

3. Either Pure or Applied Mathematics can be "repeated" for the B.A. and B.Sc. degrees, but the two branches must be taken *together* by a candidate for Honours. The complete Honours course extends over at least two years, the earlier part of the work preparing students for Senior Scholarships and for repeating. When it is possible, students should begin the higher work in the second year of their College course.

Text Books:—		s.	d.
I.—Fine, College Algebra	6	6
Hobson, Plane Trigonometry	12	0
Tödhunter and Leathem, Spherical Trigonometry	7	6
Askwith, Pure Geometry	5	0
Caunt and Jessop, Geometrical Conics	2	6
Grace and Rosenberg, The Conic (Univ. Tut. Series)	3	6
Gibson's Treatise on the Calculus	7	6
Greaves, Statics
Greaves, Hydrostatics	5	0
Herman, Geometrical Optics	10	0
Barlow and Bryan, Mathematical Astronomy	6	6
II.—Askwith, Analytical Geometry of the Conic Sections	7	6
Bell, Co-ordinate Geometry of Three Dimensions	10	0
Murray, Differential Equations	4	6
Routh, Analytical Statics (Vol. I.)	14	0
Love, Theoretical Mechanics	12	0

Arrangement of lecture hours for the higher classes will be made at the beginning of the session.

4. Special work in Mathematics beyond the Pass standard is arranged for Science students and others who may require it.

PHYSICS.—*Professor Laby.*

PASS B.Sc., AND B.A., MEDICAL INTERMEDIATE, AND
ENGINEERING PRELIMINARY.

Lectures:—

- (a) General Physics and Properties of Matter (26 lectures—3 per week—during the first term).
- (b) Heat (26 lectures—3 per week—during first and second terms).
- (c) Sound and Light (3 lectures per week during second term).
- (d) Electricity Preliminary (one lecture per week for both terms).

Text books for (a), (b), (c), (d): Watson's Physics or Kimball's Physics, Edser's Light, Hadley's Magnetism and Electricity. Course (d) for reference: J. J. Thomson's and Joubert's (Foster and Porter) Electricity and Magnetism.

SENIOR SCHOLARSHIPS.

Two courses, (h) and (k), at times to be arranged.

Text books:—Course (h)—Preston's Heat (revised by Cotter). Poynting's Sound, Schuster's Optics, Wood's Physical Optics. Course (k)—J. J. Thomson's Electricity and Magnetism, Joubert's (Foster and Porter) Electricity and Magnetism, and Ewing's Magnetic Induction in Iron.

HONOURS IN ARTS AND SCIENCE.

At times to be arranged.

Books recommended for further study and reference:—

- General Physics and Properties of Matter—
 Worthington's Dynamics of Rotation.
 Mach's Mechanics, Kaye and Laby's
 Physical Constants, Poynting and Thom-
 son's Properties of Matter, Meyer's
 Kinetic Theory of Gases, Merriman's
 Least Squares.
- Heat—Preston's Heat (revised by Cotter),
 Poynting and Thomson's Heat, Le Chate-
 lier's High Temperature Measurements.
- Sound—Poynting's Sound, Barton's Sound,
 Rayleigh's Sound.
- Light—Preston's Light, Wood's Physical
 Optics, Schuster's Optics.
- Electricity—Maxwell's Electricity and Mag-
 netism, Ewing's Magnetic Induction, J. J.
 Thomson's Conduction of Electricity
 through Gases, J. J. Thomson's Recent
 Researches, Rutherford's Radio-activity,
 Whetham's Theory of Solution, Thoma-
 len's Electrical Engineering, Steinmetz's
 Alternating Current Phenomena, Graetz's
 L'Electricité et ses Applications.
- Practical Work and Tables—Watson's Prac-
 tical Physics, Mann's Advanced Optics,
 Kohrausch's Measurements, Ostwald and
 Luther's Physicochemical Measurements,
 Threlfall's Laboratory Arts, Landolt-
 Bornstein-Meyerhoffer Tabellen.

PRACTICAL PHYSICS.

PASS B.Sc., AND B.A., MEDICAL AND ENGINEERING.

The Practical Class meets for four hours weekly during three terms for experimental work on the subjects of the lectures.

Text Books:—Watson's Practical Physics,
 Pollock and Vonwiller's Practical Physics.

SENIOR SCHOLARSHIPS.

Candidates for these Scholarships are recommended to do at least six hours' practical work per week.

HONOURS IN SCIENCE AND ARTS.

Students will be encouraged to undertake an original investigation during their fourth year.

RECORD OF EXPERIMENTAL WORK.

All students will be required to keep concise, but adequate, notes of their experimental work, which will be marked at the completion of each experiment. A satisfactory record of work in this form, and the exhibition of some experimental skill will ordinarily exempt a student from a practical examination. Compulsory questions on the theory of the experiments of the course and physical instruments will be set in the examination papers at the end of the year.

RESEARCH.

Every facility possible will be afforded to those who undertake research work.

The following scholarships may be held by students of Physics:—Sir George Grey (see p. 81), Senior University (p. 77), Jacob Joseph (p. 82), Government Research (p. 85), and the Exhibition of 1851 Science Research (p. 78).

CHEMISTRY.—*Professor Easterfield.*

I.—GENERAL COURSE.

This course consists of three lectures weekly throughout the session, and serves as a general introduction to the study of chemistry. Candidates for the pass degrees of the University of New

Zealand are advised to take this course together with the class in Organic Chemistry.

Part I. treats of the non-metallic elements and their important compounds, the laws of chemical combination, and elementary chemical theory.

Part II. deals with the metals, their occurrence and the methods of extraction from their ores, their detection and quantitative estimation.

Part III. is devoted to organic chemistry, and includes organic analysis, general methods of purification, identification and relationships of typical organic compounds.

Intending students should consult Professor Easterfield before purchasing text books.

Text Books:—	s.	d.
Ostwald, Principles of Inorganic Chemistry	20	0
Thorpe, Inorganic Chemistry, 2 vols. ..	11	0 or
Mellor, Modern Inorganic Chemistry ..		or
Smith, Introduction to Inorganic Chemistry	10	0 or
Kipping and Perkin, Inorganic Chemistry	7	6
Tilden, Introduction to Chemical Philosophy	4	6 or
Remsen, Principles of Theoretical Chemistry	7	6
Remsen, Organic Chemistry	6	6
Ramsay, Modern Chemistry	2	6

2.—ORGANIC CHEMISTRY (Elementary).

The Class meets twice weekly, at hours to be arranged. A knowledge of general inorganic chemistry will be pre-supposed. The course will be fully illustrated experimentally, and will meet the requirements of medical students, and of those who propose to take the advanced course in a subsequent year.

Text Book—Remsen's Organic Chemistry, or Perkin and Kipping's Organic Chemistry.

3.—ADVANCED COURSE.

During the session 1913 Organic and Physical Chemistry will mainly be studied in this course.

A Class for advanced students will meet three times weekly at hours to be arranged to suit the students.

Text Books:—	s.	d.
Mendelejeff, Principles of Chemistry ..	31	6
Walker, Physical Chemistry	10	6
Wade, Organic Chemistry	6	0

PRACTICAL CHEMISTRY.

The Victoria College laboratories afford excellent opportunities for the study of experimental chemistry. To each student a separate bench is allotted, furnished with gas, water, and reagents. A charge of ten shillings is made for materials, but unusual breakages must be made good. Special encouragement is given to those who, having obtained a sound training in practical chemistry, propose to carry out original investigations in organic, physical, or technological chemistry.

Students who wish to take up chemistry as a profession are advised to work in the laboratory not less than eighteen hours weekly, and to attend the lectures in physics, mathematics, and German.

All students are required to keep a systematic record of their laboratory work.

1.—PRELIMINARY COURSE.

This course meets the requirements of students preparing for the pass degrees of the University. The Class meets three times weekly for purposes of

demonstration, but the laboratory will be open at other specified times to suit the convenience of students. A minimum attendance of five hours weekly is required from Degree candidates.

Subjects treated.—Simple inorganic preparations, elementary quantitative measurement, qualitative analysis.

Fenton, Qualitative Analysis	..	6	0	or
Perkin, " " "	..	4	0	

2.—ADVANCED COURSE.

This is intended for those who wish to obtain a useful knowledge of practical chemistry, such as is required by Honours students, professional chemists, or teachers of the subject. Demonstrations will be arranged at hours to suit the students, and special attention will be paid to quantitative analysis, determination of physico-chemical constants, and the preparation and systematic examination of organic and inorganic compounds. The full course will extend over three years.

Clowes and Colman, Quantitative Analysis	10	0
Findlay, Practical Physical Chemistry.		
Cohen, Practical Organic Chemistry	..	3 6
Fischer, Preparation of Organic Compounds.		

BIOLOGY.—*Professor Kirk.*

GENERAL BIOLOGY.

To be taken by all students whether they take Botany or Zoology.

Note.—Students are advised not to take Biology (whether they choose Botany or Zoology) as a one year's subject. If any student finds it necessary to

do so, he should communicate with the Professor at the beginning of his course.

One lecture a week during first year; two during second; laboratory work during both years.

Lectures:—

The consideration of typical organisms, both animals and plants, selected with regard to the lists prescribed in the University statutes, but not confined to those lists; the general principles of Biology as illustrated by these and other types; classification, etc.

The second year's course will consist of lectures on the general questions of Biology, such as evolution, distribution, heredity, etc., and on Physiology and the anatomy of the Frog. Although the Frog will be the subject of most of the practical work, the lectures will be so framed as to aim at establishing a working knowledge of the elementary physiology of the higher animals; and this course can, if necessary, be taken by students who wish to gain such a knowledge, although they may not have taken the first year's course. Students wishing to take the subject at the degree examinations must take both courses, and should spend two years in doing so.

Practical Work:—

Microscopical manipulation, the use of dissecting instruments, method; the dissection of typical organisms and the study of their life history.

Text Books:—

	s.	d.
Parker's Lessons in Elementary Biology	10	6
Marshall's Frog	5	0
Romanes, Darwin and after Darwin, (Longmans)	26	0
Dendy's Evolutionary Biology. (Macmillan and Co.)	26	0

Facilities will be afforded to persons, not preparing for examination, to learn the use of the microscope and to acquire a knowledge of biological method.

A list of the more important works of reference is posted on the Notice Board in the Laboratory.

Two Years Course.

BOTANY.

Two lectures a week during first year; one during second; laboratory work during both years.

Lectures:—

The structure, life history, physiology, etc., of the prescribed types and of others, consideration of the groups to which the types belong, especial attention being given to the prescribed natural orders; classification, etc.

In the first year the work will deal mainly with the types, with classification, and with morphology; in the second with physiology, and with the prescribed orders.

Practical Work:—

Dissection and examination of typical plants, physiology, field work, and observation.

Text Books:—

Practical Botany for beginners (Bower & Vaughan)	3	6
Dendy and Lucas's Introduction to the Study of Botany	4	6
or A Class Book of Botany, (Mudge and Maslem), (Arnold)	7	6
or Miss A. S. M. Johnson's Botany (Allman and Co.)	7	6
Strasburger's Text Book of Botany (third English edition)	21	0

Students should supply themselves with the following appliances:—A note-book and a drawing-book, two pencils, a pair of forceps, two mounted needles, a razor, and a pocket magnifying-glass. At least four hours a week should be spent at practical work.

Students of Botany, whether formally attached to the College or not, may obtain from the Professor permission to refer to the late Mr. T. Kirk's herbarium of New Zealand Flowering Plants, and to the late Dr. Knight's herbarium of Lichens (presented to the College by Mrs. Knight).

Two Years' Course.

ZOOLOGY.

Two lectures a week during first year; one during second; laboratory work during both years.

Lectures:—

The anatomy, physiology, classification, etc., of animals, with special regard to the types prescribed by the University statutes for the pass degree examination, but not to these types exclusively.

The first year's work will deal with the Invertebrata, the second mainly with the Chordata.

Practical Work:—

Dissection and examination of typical animals, field work, and observation.

Text Books:—

	s.	d.
Marshall and Hurst's Practical Zoology (fifth edition)	10	6
Thomson's Outlines of Zoology	10	6

Students should supply themselves with the following appliances:—

A note-book and a drawing book.

Two pencils—one hard and one soft.

Dissecting instruments—scissors, forceps, scalpels (2), anatomical blow-pipe, mounted needles, seeker, razor with straight edge and stiff back (better not hollow-ground).

Pocket magnifying-glass.

Duster, sponge, and hand-towel.

Students will be required to spend at least four hours a week at practical work.

GEOLOGY.—*Mr. Cotton.*

The Course for B.A. or B.Sc. Degree work will normally occupy two years.

FIRST YEAR (*Physical Geology*).

This course will serve as an introduction to the subject, and will prepare for paper (a) of the B.A. examination, but is not limited to the requirements of the examination.

Two lectures a week will be given, and at least three hours a week should be spent at practical work.

Text Books:—	s.	d.
Geology for Beginners (Watts)	..	2 6
Rocks and Their Origins (Cole)	..	1 3
Aids in Practical Geology (Cole)	..	10 6
Mineralogy (Hatch)	..	4 0
Geology of New Zealand (Marshall)	..	4 0

SECOND YEAR (*Palaeontology and Stratigraphical Geology*).

Special attention will be paid to New Zealand Stratigraphical Geology.

LIBRARY REGULATIONS.

MANAGEMENT OF THE LIBRARY.

1. The Librarian shall be responsible for and have discretionary authority in the preservation of order in the Library. In the case of disorderly conduct or any breach of the rules he may report the person so offending to the Chairman of the Professorial Board.

HOURS.

2. During the Session the Library shall be open to readers from 10 a.m. to 9.30 p.m. on all week days except Saturdays when it shall be open from 9.30 to 12.30 p.m.

3. The Library shall be closed on Sundays, on Public holidays and at such other times as the Professorial Board may direct.

4. Regulations will be issued from time to time for the use of the Library during the recess.

ADMISSION FOR READING PURPOSES.

5. The following persons shall be entitled to use the Library for reading purposes:—

(a) Members of the College Council.

(b) Members of the Teaching Staff.

(c) Students whose names are on the books of the College.

(d) Graduates of any University and persons engaged in Research work to whom permission shall have been specially granted by the Professorial Board.

CONDUCT OF READERS IN THE LIBRARY.

6. The use of pens and ink in the Library is strictly prohibited except at tables provided for the purpose.

7. No books are to be removed from the Library except as provided in Regulations 10, 11 and 12.

8. Books removed from the shelves by readers must be left on the tables in the reading rooms.

9. Readers are particularly cautioned against injuring books belonging to the Library by writing in the margin, marking or turning down the leaves or otherwise disfiguring them.

BORROWING BOOKS.

10. Members of the College Council and the Professors and Lecturers of the College may borrow any volumes, provided:

(a) That entry of each volume so borrowed be made, dated, and signed, by the borrower, in the Ledger provided for the purpose.

(b) That volumes specified in Regulation 13 be retained by borrowers not longer than one week, and that no volume be retained for more than two months except during the long vacation.

11. Any other member of the Staff and any research student certified as such by a Professor may borrow volumes except those volumes specified in Regulation 13, provided:

(a) That entry be made as in Regulation 10.

(b) That not more than 5 volumes be in his possession at one time and that no volume be retained for more than one month except during the long vacation.

12. Any other person privileged under Regulation 5 for reading purposes may on application to the Librarian borrow books, provided:

(a) That a deposit of One Guinea be made with the Librarian which shall be returned to the depositor when he ceases to avail himself of the privilege of borrowing books provided he has returned undamaged all books borrowed by him.

(b) That not more than two volumes be in his possession at one time and that no volume be retained for more than 14 days: provided that on the written request of a Professor any Honours student or student doing advanced work may take out five volumes at one time.

13. Save as provided in Regulation 10, encyclopædias, dictionaries, law reports, prose translations of the classics, books containing valuable engravings, works with loose plates or maps, periodicals which have been less than a fortnight in the Library, text-books prescribed for the current year and books marked "Reference" may not be borrowed from the Library.

14. A Request Book shall be provided in which the names of those wishing to obtain books in circulation, the titles of the books and the date of request may be entered. Any book which has been entered in the request book shall be returned on the demand of the Librarian within 3 days.

15. The borrower shall be liable for any damage a book may have sustained whilst in his keeping.

16. No book belonging to the Library shall be privately lent by any borrower.

17. The hours at which books will be lent out or returned shall be notified on the Library Notice board.

18. All books and publications of every kind belonging to the Library must be returned on or before February 1st in each year so as to be in the Library during the 8 days immediately following during which the Library will be closed.

NOTE.—Reciprocal arrangements have been made with the Wellington Philosophical Society, whereby Students of the College can visit the library of that Society and consult books and periodicals, on production of a card from the College Librarian.

The City Free Public Library is also open to Students.

JACOB JOSEPH SCHOLARSHIPS.

By a munificent bequest of the late Mr. Jacob Joseph, two Scholarships were founded, each of the value of £60.

REGULATIONS.

1. The two Scholarships will be awarded annually, among students qualified under paragraph (c) hereof, on the results of the Honours Examina-

*Resigned before completion of term.

Science, or Arts; *ceteris paribus*, preference shall be given to Law and Science (including Mental Science). provided that the candidate proves to the satisfaction of the Professorial Board that he has done substantial laboratory work. (For the purposes of this condition, Mathematics and Political Science shall be regarded as Arts subjects.)

2. No Scholarship shall be awarded to a candidate who fails to get Second Class Honours at least (or their equivalent) conferred on him by the New Zealand University; further—

- (a) no one shall be entitled to the Scholarship unless he has obtained Honours, in the case of an Arts or Science student within five years of his matriculation, and in the case of a Law Student within seven years of his matriculation;
- (b) the holding of any other Scholarship shall not debar any successful candidate from holding a Jacob Joseph Scholarship;
- (c) every applicant shall fulfil the following conditions:—
 - (1) His name shall be on the Books of Victoria College at the time he takes his pass Degree.
 - (2) He shall pursue his studies at Victoria College to the satisfaction of the Professorial Board during the year in which he sits for his Honours (or the equivalent) examination.
 - (3) He shall during the year in which he holds the Scholarship do at Victoria College substantial and original work in the subjects in which he gained Honours, or in some cog-

nate subject, to the satisfaction of the Professorial Board.

- (4) Such work shall be evidenced by thesis or dissertation accompanied by a synopsis of the bibliography of the topic of the thesis or dissertation. Such thesis or dissertation shall be handed to the Chairman of the Professorial Board for perusal and preservation in the records of the College Library.

3. The amount of the Scholarship shall be paid in two equal portions. The first shall be paid on the 1st August and the last after the receipt of the thesis or dissertation by the Chairman of the Professorial Board. Neither portion shall be paid until the Council has been assured by the Professorial Board that the Scholarship winner has continued to do substantial and original work in the subject in which he gained Honours, or in some cognate subject. The last portion shall not be paid until the Council has also been assured by the Professorial Board that the said thesis or dissertation is of some value as a contribution to the knowledge of the subject of which it treats.

4. Words importing the masculine gender are not to be interpreted as excluding female candidates.

NEW ZEALAND RESEARCH SCHOLARSHIP.

1. One Research Scholarship shall be offered each year for each of the four University Colleges affiliated with the University of New Zealand.

2. Any holder of the degree of Bachelor of Science, or Bachelor of Engineering, or Bachelor of Agriculture, or Bachelor of Medicine, or Bachelor of Veterinary Science, or any other graduate of the University of New Zealand who has satisfied the requirements for a certificate of proficiency in physics, chemistry, biology, geology, or physiology, shall be eligible for the scholarship, provided in any case that he has given evidence of his power to carry on original work.

3. The Research Scholarship Board (hereinafter called "the Board") for each University College shall consist of the Professors of Natural Science and Applied Science at such College, together with the Inspector-General of Schools. As soon as any person is elected to a Research Scholarship the Minister of Education (hereinafter called "the Minister") shall nominate an expert in the particular branch of research concerned to be a member of the Board for the purpose of assisting in its supervision of the work of the scholar.

4. Between the 1st March and the 31st May in each year the Board shall forward to the Minister the name of the candidate (if any) whom it recommends for election to the scholarship, together with the proposed subject of research; and, as soon as the

Minister has signified his approval of such recommendation, the said candidate shall be deemed to be elected.

5. At its first meeting in each year the Board shall elect a Chairman, who shall keep the minutes of the business of the Board, and shall communicate with the Minister of Education as occasion may arise. At every meeting of the Board the number to be fixed by each Board shall form a quorum.

6. Each scholarship shall be of the value of £100 per annum, together with the College Laboratory fees, the cost of special apparatus or special books required for the purpose of the research, and the actual travelling-fares or cost of transit while the holder is engaged on the work of research. All such expenditure in addition to the allowance of £100 per annum must be previously approved by the Board and the Minister.

7. Each scholarship shall be tenable for two years if the holder shall so long fulfil the prescribed conditions, but the tenure of the scholarship may be extended to a third year on the recommendation of the Board, approved by the Minister.

8. The holder of the scholarship shall enrol his name at the College in connection with which the scholarship is held, and shall begin his work within a period to be named by the Board, but in no case later than six months after his election to the scholarship.

9. With such exceptions as may be previously approved by the Board and the Minister, the holder shall be required to devote his whole time during the tenure of the scholarship to the work of research in a subject or subjects to be selected by him at the time of application from an approved list of subjects in which research is likely to be of economic value to the industries of the Dominion. The research shall

tion of the New Zealand University in either Law, be conducted under the supervision of the Board, which, however, may delegate its powers of supervision to one or more of its members.

10. The Minister shall pay the amount of the scholarship to the holder in quarterly instalments, each instalment being paid at the end of the quarter on receipt of a satisfactory report from the Board signed by the Chairman and one other member of the Board.

11. The holder shall each year send to the Board a report on the progress of the research being carried on by him, and the Board shall forward the report to the Minister, with any comments it may see fit to make thereon.

12. (a) All the results of the research carried on by any holder of the scholarship in accordance with the terms of his scholarship shall be the property of the Government of New Zealand.

(b) The holder shall embody an account of the results of his research in a detailed report which shall be sent to the Board, and by it to the Minister, who shall, if he sees fit, cause it to be published in suitable form.

(c) No publication of the results of the research shall be made by the candidate unless the Minister gives his consent thereto.

(d) The final instalment of the scholarship shall not be payable until the detailed report of the result has been made in the form approved by the Board and the Minister.

THE VICTORIA COLLEGE ACT, 1905.

[As amended by the Education Act Amendment Act 1907, and the Queen's Scholarships Act 1906.]

An Act to consolidate certain Enactments of the General Assembly relating to Victoria College.
[27th October, 1905.]

Be it enacted by the General Assembly of New Zealand in Parliament assembled, and by the authority of the same, as follows:—

1. The short Title of this Act is "The Victoria College Act, 1905."

THE COLLEGE.

2. There is hereby established in the City of Wellington a college connected with the New Zealand University, to be called "the Victoria College."

THE CORPORATION.

3. The Council of the College, its professors and lecturers, and the graduates and undergraduates of the New Zealand University, whose names are on the books, are hereby constituted a body politic and corporate under the style of "the Victoria College," by which style that corporation shall have perpetual succession and a common seal.

THE COUNCIL.

4. The corporation shall act by a governing body, to be called "the Victoria College Council" (elsewhere throughout this Act referred to as "the Council")

5. (1.) The Council shall consist of sixteen members, who shall be selected in manner following, that is to say,—

- (a) A group of three shall be appointed by the Governor in Council.
- (b) A group of three shall be elected by such of the members of the Legislative Council as for the time being are resident within any of the Wellington, Nelson, Westland, Marlborough, Hawke's Bay, and Taranaki Provincial Districts, and by such of the members of the House of Representatives as for the time being represent electoral districts in those provincial districts:

Provided that in every case where an electoral district is partly in one provincial district and partly in another such electoral district shall for the purposes of this Act be deemed to be wholly in the provincial district wherein, according to the certificate of the Registrar-General (which it shall be his duty to supply), the majority of the population of such electoral district resides:

Provided further that, in the event of a university college being at any time hereafter established within any of the aforesaid provincial districts by any Act of the General Assembly, the right of representation by this Act conferred upon such provincial district shall thereupon cease and determine:

- (c) A group of three shall be elected by such of the graduates of the New Zealand University, whether admitted by examination or *ad eundem gradum*, as are for the time being on the books of the College:

- (d) A group of three shall be elected by such persons holding certificates under section fifty-seven of "The Education Act, 1904," as are over the age of twenty-one years, and for the time being are resident within any of the aforesaid provincial districts:
 - (e) A group of three shall be elected by the members of the Education Boards of the education districts wholly or partly within any of the aforesaid provincial districts; and
 - (f) One shall be elected by the hereinafter-mentioned Professorial Board.
- (2) The members of the Council in office on the passing of this Act shall be deemed to have been selected under this Act.

6. Subject to the provisions of this Act, elections of members of the Council shall be held in such manner and at such time and place as the Council directs.

7. (1) The ordinary term of office of all members of the Council shall be three years.

(2) On the second Monday in May in every year one member out of each of the five aforesaid groups shall retire from office.

(3) The member to retire out of each group shall be the member who has been longest in office.

(4) Every retiring member shall be eligible for re-election.

8. With respect to the selection of members for the ordinary term of office, the following provisions shall apply:—

- (a) Every ordinary election shall be held on the second Monday in April in each year.

- (b) Members to be appointed by the Governor in Council shall be appointed not later than the first Monday in May in each year.
 - (c) Every member shall take office on the second Monday in May following the date of his selection.
 - (d) No professor or lecturer of the College shall be eligible for selection—
9. If any member of the Council—
- (a) Dies, or (by letter to the Council) resigns his seat; or
 - (b) Becomes bankrupt or of unsound mind; or
 - (c) For a period of three consecutive months fails to attend any meeting of the Council, without obtaining leave of absence; or
 - (d) Is absent from New Zealand for a period of six consecutive months,—

he shall cease to be a member, and the vacancy thereby occurring shall be deemed to be a casual vacancy.

10. Every casual vacancy shall be filled within thirty days after the occurring thereof, and the member filling the same shall hold office only for the unexpired residue of the term of the vacating member.

11. Whenever a casual vacancy occurs, it shall be the duty of the Council to forthwith report the fact to the Minister of Education where such vacancy is to be filled up by appointment, or to duly conduct the election where it is to be filled up by election.

12. Every vacancy, whether casual or otherwise, shall be filled up by the same electing or appointing authority as in the case of the vacating member.

13. For the purpose of the election of members of the Council the following provisions shall apply:—

- (a) Every election shall be conducted by a Returning Officer, who shall be appointed by the Council.
- (b) The Returning Officer shall prepare five rolls, one for each of the five classes of electors, and shall enter in the respective rolls the name, occupation, and address of every person possessing the necessary electoral qualification.
- (c) No person shall be entered on more rolls than one, but any person who possesses more qualifications than one may transfer his name from one roll to another in respect whereof he possesses the necessary electoral qualification.
- (d) The roll relating to any election shall be closed at five o'clock in the afternoon of the fourteenth day before the day on which the election is to be held, and shall continue closed until the election is completed.
- (e) No alteration shall be made in any roll whilst it is closed.
- (f) Claims for enrolment or transfer shall be made and disposed of in manner to be prescribed by regulations under this Act.
- (g) At every election the votes shall be given by sealed voting papers, which may be delivered personally or forwarded by post or otherwise.

14. The Council shall meet at least once a month, at such time and place as the Council determines.

15. The meeting held in the month of May in each year shall be the annual meeting, and at that meeting the Council shall elect one of its members to be Chairman.

16. The Chairman shall hold office for one year and shall be eligible for re-election:

Provided that no person shall hold office as Chairman for more than two years in succession.

17. Special meetings may be called at any time by the Chairman or any two members, five days' previous notice of the place and time for such meeting being posted or telegraphed to all the members.

18. At all meetings of the Council—

(a) The quorum shall be six:

(b) All questions shall be decided by a majority of the votes of the members present and voting:

(c) The Chairman shall preside and have a deliberative vote, and, in the event of equality of voting, a casting vote:

(d) In the absence of the Chairman from any meeting the members present shall elect one of their number to act as chairman at that meeting, and while so acting he shall have all the powers of the Chairman.

19. Subject to the provisions of this Act, the Council may from time to time make by-laws for the purpose of regulating its own procedure, the conduct of all elections under this Act, and the general administration of the affairs of the College:

Provided that such by-laws shall not come into operation until and unless they have been approved by the Governor-in-Council.

20. The Council may continue to act notwithstanding any vacancy in its body.

21. The Council shall cause exact minutes of all its proceedings to be kept, and also full and accurate accounts of all its receipts, disbursements, liabilities and engagements.

22. The seal of the Council shall be in the custody of the Chairman, and shall not be affixed to any document except pursuant to a resolution of the Council.

23. (1.) The Council shall have full power to appoint and remove all professors, lecturers, examiners, officers, and servants of the College, and to generally manage the affairs thereof:

Provided that no professor or lecturer shall be appointed for any term exceeding five years; but on the expiration of such term he may be reappointed.

(2) All persons appointed by the Council and holding office on the commencement of this Act shall be deemed to have been appointed under this Act.

THE PROFESSORIAL BOARD.

24. There shall be a Professorial Board of the College, consisting of all the professors and lecturers of the College.

25. The Board shall have power to make rules as to the time and place of its meetings and the procedure thereat:

Provided that all such rules shall, before coming into operation, be submitted to and approved by the Council.

26. At its annual meeting the Board shall elect one of its members, being a professor, to be Chairman, and if it fails so to do the Council may appoint a professor to be Chairman for the year.

27. The Chairman shall hold office for one year, and be eligible for re-election, but no professor shall hold office as Chairman for more than two years in succession.

28. At all meetings of the Board —

- (a) The quorum shall be three:
- (b) The Chairman shall preside, and shall keep the minutes of the proceedings of the Board:
- (c) He shall have a deliberative vote, and, in the case of equality of voting, a casting vote:
- (d) In his absence from any meeting the members present shall elect another professor to act as chairman of that meeting, and while so acting he shall have all the powers of the Chairman.

29. Subject in each instance to the approval of the Council, and to such modifications as the Council thinks fit to make therein, the Board may—

- (a) Fix the course of study, and the days and hours of lectures:
- (b) Make rules as to the attendance of the students:
- (c) Prescribe the subjects for examinations for scholarships, exhibitions, prizes, and other college distinctions and awards.

30. Subject to the right of appeal to the Council (whose decision shall be final) by any person who feels aggrieved, the Board may—

- (a) Deal with all questions relating to the discipline of the students:
- (b) Manage the College library:
- (c) Give instructions to the College servants as to the performance of their duties.

31. The Board shall be subject to the control of the Council, and shall furnish to it such reports and information as from time to time the Council requests or the Board deems necessary.

32. The Board may from time to time offer such suggestions for the consideration of the Council as the Board thinks advisable in the interests of the College.

LECTURE FEES.

33. There shall be payable by the students such reasonable fees for attendance on lectures as from time to time the Council prescribes and the Governor-in-Council approves.

34. For the purpose of procuring such approval, the Council shall forward each table of fees to the Minister of Education for submission to the Governor-in-Council; and the fees shall not be chargeable until such approval is signified.

(Clauses 35 and 36 repealed by the Education Act Amendment Act 1907.)

APPROPRIATION AND ENDOWMENT.

37. For the purpose of providing a fund for the maintenance of the College, and the payment of all expenses incurred by the Council in administering the affairs thereof, the Colonial Treasurer, without further appropriation than this Act, shall, out of the Consolidated Fund, pay to the Council each year ending the thirty-first day of March the sum of four thousand pounds, in such instalments during the year as he thinks fit.

38. The parcel of land described in the First Schedule hereto is hereby set apart as an endowment for the College, but shall remain vested in His Majesty.

39. The said parcel of land shall be held and administered as Crown lands under such of the leasing provisions of "The Land Act, 1892," as the

Minister of Lands from time to time thinks fit; and the net rents and other proceeds derived therefrom and remaining after payment thereof of all necessary expenses attendant on the management and administration of the said land (including the expenses of survey and roading) shall, without further authority or appropriation than this Act, be paid over from time to time to the Council for the purposes of the College.

40. The parcel of land described in the Second Schedule hereto is hereby declared to be vested in the Council in trust as a site for University College buildings and as grounds appertaining thereto:

Provided that the said land shall be inalienable by sale, mortgage, lease, or otherwise.

41. The Council may grant leases of any land (other than the land described in the First and Second Schedules hereto) to which the corporation of the College at any time becomes entitled by way of purchase, grant, or otherwise, but may not without the previous consent of the Governor-in-Council sell or mortgage the same.

ACCOUNTS AND AUDIT.

42. The Audit Office shall be the auditor of the Council, and shall have the same duties and powers in respect of the moneys and accounts of the Council, and of persons dealing therewith, as if the Council were a local authority within the meaning of section six of "The Public Revenues Act, 1892."

43. Within ten days after the close of each financial year ending the thirty-first day of March, the Council shall cause to be prepared and submitted to the Audit Office a statement of accounts showing—

- (a) The total receipts and disbursements for the year; and
- (b) Such other particulars as the Governor in Council from time to time prescribes by regulations under this Act.

44. Such statement shall be audited by the Audit Office within ten days after receipt thereof, and shall, together with the certificate of the Audit Office and a general report as to the progress of the College, be forwarded by the Council to the Minister of Education within thirty days after the close of such year, to be by him laid before Parliament if sitting, or, if not, then within ten days after the commencement of the next session thereof.

GENERAL.

45. The Minister of Education shall be the Visitor of the College, and shall have all the powers and functions usually possessed by Visitors.

46. The Governor may from time to time, by Order in Council gazetted, make such regulations as he deems necessary in order to give full effect to the provisions of this Act relating to Queen's Scholarships.

47. The enactments mentioned in the Third Schedule hereto are hereby repealed.
