HISTORICAL NOTICE

ON the 23rd December, 1878, a Royal Commission was appointed to inquire into and report upon the operations of the University of New Zealand and its relations to the Secondary Schools of the Colony, and upon the best means of bringing secondary and higher education within the reach of the youth of both sexes. The Commission in its report, under date 9th July, 1879, among other things recommended that the inequality in the educational institutions of the two islands should be removed by establishing, at the most important centres of population in the North Island, Colleges capable of supplying an education of the same standard as that provided by the University of Otago and Canterbury College, and proposed that the Government should invite the Legislature to make immediate provision for the establishment of two Colleges, one at Auckland and the other at Wellington, of such a character as has been indicated. The Commissioners further stated that "They were of opinion that it will be necessary for the Government, either to select out of lands at its disposal suitable sites for College buildings at Auckland and Wellington, or to acquire such sites, and that two grants of £12,500 each should be made for the building of the two Colleges and for fittings and apparatus," and went on to say, "Although these sums are not equal to those expended for like purposes in Dunedin and Christchurch, we think they will be found sufficient for present requirements."

For the annual maintenance of these two Colleges the Commissioners suggested that the Government should utilise the reserves set apart for the promotion of higher education in the Pro-

vincial Districts of Auckland and Wellington, and that the two Colleges should be respectively endowed with Crown lands sufficient to provide an immediate income to each amounting to £4,000 per annum; that if this were not practicable the deficit in each case should be made good by a pecuniary grant.

A College was established in Auckland by "The Auckland University College Act, 1882."

Nothing was done for Wellington until the year 1894, when an Act was passed entitled "The Middle District of New Zealand University College Act, 1894, which said "There shall be established in the city of Wellington a College to be connected with the University of New Zealand"; and provision was made for a governing body, to be called the Council, but no provision was made for any pecuniary grant or endowment. Certain members of the Council were appointed, but nothing could be done for want of funds.

In the year 1897 the Right Hon. R. J. Seddon P.C., Premier of the Colony, introduced into Parliament the Victoria College Act; an Act, as stated in the preamble, "to promote Higher Education by the establishment of a College at Wellington in commemoration of the sixtieth year of the reign of Her Majesty Queen Victoria," the College being intended to embrace in its work the Provincial Districts of Wellington, Taranaki, Hawke's Bay, Nelson, Marlborough and Westland. The Act was passed on the 22nd December, 1897, the Council was formed, and the work of organisation was begun. The Act provides for the payment out of the Consolidated Fund of a grant of £4,000 a year, and out of this sum the Council was required to give six scholarships each year called "Queen's Scholarships," to persons of either sex under the age of 14

years upon the results of an examination under such conditions as the Council may prescribe. In 1903 an amending Act was passed providing for six Junior and four Senior Queen's Scholarships. In 1906 the College was relieved of the payment of these Scholarships. By the Education Act Amendment Act 1907, the Queen's Scholarships were abolished. Since 1905 the College has received from Parliament an annual grant of £2,000 for specialisation in Law and Science. The Act of 1897 further sets apart a parcel of land 4,000 acres in extent in the Nukumarū Survey District (Wellington Provincial District) as an endowment for the College.

The Council decided to begin by the appointment of four Professors for the Chairs of English Language and Literature, Classics, Mathematics and Mathematical Physics, and Chemistry, and the following were appointed:—Classics, J. R. Brown, M.A., St. Andrews and Oxford; English Language and Literature, H. Mackenzie, M.A., St. Andrews; Chemistry and Physics, T. H. Easterfield, M.A., Cambridge, Ph.D. Wurzburg; Mathematics, R. C. Maclaurin, M.A., LL.D., Cambridge. These Professors arrived in the Colony at the end of March, 1899, and as soon as possible classes were organised and lectures begun. Lectureships in French, German, Mental Science, Economics, Constitutional History and Jurisprudence, Law, Geology and Education were established.

The College was admitted as an institution affiliated to the University of New Zealand on the 23rd February, 1899.

In 1900 an Act was passed whereby the College Council was empowered to acquire a site for the College buildings, being part of a town reserve situated on Salamanca Road, six acres in extent, and

the Government provided £31,000 towards the cost of buildings. A portion of the buildings was erected, the foundation stone being laid by His Excellency Lord Plunket, K.C.V.O., on the 27th August, 1904. They were opened by His Excellency Lord Plunket on the 30th March, 1906.

In March, 1910, a further portion of the buildings was completed, forming a wing at the rear of the Arts Building. This wing contains two large class-rooms, and in the basement a men's cloak room, a women's common-room, and a large room in which light meals may be obtained during the College session.

In September, 1914, the Victoria College Amendment Act was passed, by which it was enacted that the name of the college should in future be Victoria University College; the constitution of the Council and that of the Professorial Board were changed; and the Council was authorized to charge a college fee for general tuition.

NOTICE TO STUDENTS

The Professorial Board will this year supervise the courses of all new students. Before enrolment in classes a record of the proposed course of study, signed by the Chairman of the Professorial Board, or by the Chairman of one of the Faculties (of Arts, Science, or Law), must be in the hands of the Registrar. In the case of a student proceeding to one of the University degrees, this record shall state the complete course of study proposed for that degree; and subsequent departures (if any) from such proposed course will have to be similarly recorded.

New students should send in to the Registrar, **preferably before the beginning of term**, either

- (1) notification of the courses they have provisionally determined upon, or
- (2) request for advice upon their courses, accompanied by such relevant facts as may be available.

In case of (1) the matter will normally be dealt with by instructions posted on the College notice board. In case of (2) appointments will be made.

In planning provisional courses the Terms Regulations and the Time-table of classes must be carefully regarded.

N.B.—The attention of all students is directed to a modification of the Time-table which is to take effect in 1915. Any cases of hardship involved should be notified (with all necessary information) to the Chairman of the Professorial Board.

TERMS REGULATIONS

1. The College year shall consist of two Terms: the First Term to begin towards the end of March and to end towards the end of June; the Second Term to begin about three weeks from the first day of July and to end in the last week of October.

2. The following are the subjects recognised in this College for keeping Terms: —

- | | |
|---------------------------|-------------------------|
| 1. Latin | 10. English History |
| 2. Greek | 11. Pure Mathematics |
| 3. English | 12. Applied Mathematics |

3. To pass in any subject a student (unless exempted—see below) must attend the Lectures in that subject, must do the regular work of the class to the satisfaction of the professor (or lecturer), and must pass such examinations as are prescribed in that subject. A student shall not be considered to have fulfilled the attendance requirement in a subject if he has been absent from more than one-tenth of the lectures in the subject.

*This group counts as a single subject in the Faculty of Arts, but First Year Terms in Law may be kept by passing in either of these subjects together with one other subject.

†Terms may be kept in Law subjects only, by Scholars, as provided in paragraph 5 (b).

4. The following shall be the general regulations for keeping terms* :—

(a) To keep First Year Terms, a student must pass in two subjects.

(b) To keep Second Year Terms, the student must pass in three subjects. (The standard of pass is higher for Second and Third Year Terms than for First Year Terms.)

(c) Students keeping Third Year Terms must pass in three subjects unless they have passed in four subjects at the end of their second year in the College Examination. No student shall keep Third Year Terms in any subject in which he has kept Second Year Terms, except in those subjects in which higher courses are recognised.†

5. Holders of Junior University and Senior National Scholarships may take a section of the University Examination for B.A., B.Sc., or LL.B., after keeping First Year Terms. To such scholars as intend to avail themselves of this privilege, the following special regulations shall apply:—

(a) To keep First Year Terms such a scholar must pass in three subjects (equivalent to the above requirement for Second Year Terms).

(b) To keep Second Year Terms for B.A. or B.Sc., such a scholar must pass in three subjects other than those in which he has kept First Year Terms,†

*Attention is drawn to the following University regulation, which is now in force:—A Student presenting himself for a University Examination for which the keeping of terms is required must have passed the College Examination in the subject he offers, at a stage corresponding to that of such University Examination.

†A subject "repeated" in accordance with the New Zealand University B.A. or B.Sc. Degree Statute counts as a separate subject for keeping terms.

and one of these must be a "repeated" subject. To keep Second Year Terms for LL.B., such a scholar must pass in three subjects other than those in which he has kept First Year Terms, and these may be all Law subjects.

(c) To keep Third Year Terms for B.A. or B.Sc., such a scholar must produce a certificate of substantial progress in the subject of his special study.

6. Graduates in Arts or Science proceeding to qualify for a degree in Science or Arts, must keep terms in such further subjects as they require for that degree.

7. Students must notify to the Registrar, on or before the fifteenth day of August, the subjects in which they wish to keep terms; a "repeated" subject must be notified as such.

8. (a) Exemption from lectures is provided for under certain conditions [Univ. Cal., p. 63, par. III.].

(b) To keep terms, exempted students must pass the Annual College Examination in the requisite number of subjects, and all the above regulations shall apply to them except that of paragraph 3.

(c) The fee for the Annual Examination of any student exempted from attendance at lectures shall be one guinea for each subject in which he is examined, and if fully exempted a further fee of one guinea.

N.B.—In no case shall a fee be refunded. But if a candidate be prevented by sickness, or other sufficient cause, from taking the examination, the fee shall be credited to him for a future examination: provided that such credit shall not extend for more than two years. If, after payment of a fee, the candidate be removed to another College district, the fee shall be transferred to his credit at that College.

FEES

A new scale of fees was in 1913 prescribed by the College Council and approved by the Governor-in-Council "subject to the proviso that in the case of students now on the books of the College who have attended lectures as Matriculated students the revised scale shall not be taken to apply before the beginning of the session of 1915."

Enrolment in a class shall be regarded as rendering the student liable for both instalments, provided that the second instalment may be remitted on application to the Council on the recommendation of the Professorial Board, in the case of a student who ceases to attend the lectures. Cards of enrolment obtained from the Registrar on payment of fees (or first instalment thereof) must be handed to the Professors (or Lecturers); and attendance at a class will be debarred if the card of enrolment shall not have been given in after two weeks' lectures. Provided that a student may, with the consent of the Professor (or Lecturer), join a class for the first time at any stage of the year's work, on payment of the full fee (or first instalment thereof) in case of joining in the First Term, half fee in case of joining in the Second Term.

CLASSES

ENGLISH LANGUAGE AND LITERATURE

Professor Mackenzie.

JUNIOR CLASS.

(Work for keeping First Year's Terms.)

This class meets three hours a week—Tuesdays and Thursdays, 5 to 6 p.m., and Fridays, 7 to 8 p.m. Lectures will be delivered on Anglo-Saxon, Middle English, Historical English, and on Rhetoric and English Composition. A general knowledge of the history of the literature of the period (1798-1840) prescribed for the B.A. and LL.B. section in English, or, as an alternative, the set books for the same section of the degree, will form part of the work for first year's terms. Junior students may attend any of the Senior Class lectures dealing with the period or set books. Training College students can keep First Year's Terms on the work prescribed for the "C" certificate.

Sweet's Anglo-Saxon Primer and Morris and Skeat's "Specimens of Early English," Vol. II. (chapters 2, 14 and 17 of the "Specimens" to be omitted), are prescribed for Anglo-Saxon and Middle English.

Morris' "Historical Outlines of English Accidence" will be used for Historical English Grammar.

Period of Literature: 1798-1840.

Text Book recommended:—

Age of Wordsworth.

Set Books:—

Wordsworth—Edited by Matthew Arnold
(Golden Treasury Series).

Shelley's Adonais.
Lamb's Essays of Elia (First Series).
Thackeray's Esmond.

Essay writing forms an important part of the work in all the English Classes.

N.B.—Information regarding various University prizes for Essays will be found at page 81 of this Calendar.

English Class for Training College Students

An English Class for training College Students will be held from 3 to 4 p.m. on Mondays, Wednesdays and Fridays.

SENIOR CLASS.

This Class meets three hours a week—Mondays, Wednesdays and Fridays, from 5 to 6 p.m. Students can, however, subject to the Professor's approval, take the work prescribed for the Senior Class with the Honours Students.

Three lectures will be delivered every week on the Literature of the period (1798-1840) and (for part of the Term) on the Set Books.

For Terms (Second or Third Year's) students will be examined on the work prescribed for the B.A. and LL.B., which comprises all the ground covered in the Junior and Senior Classes.

Period: 1798-1840.

Special attention must be paid to Wordsworth, Coleridge, Byron, Keats, Shelley, Scott, Lamb, Macaulay and Carlyle; but the other authors in the Period are not to be neglected. The literary movements and their leaders, the current types and forms of literature and their representatives,

as well as the influence of the ancient classics and of the leading Continental literatures on the English literature of the period must also be examined.

Text Books recommended for the history of the literature of the prescribed period:—

Age of Wordsworth.

Set Books:—

Wordsworth: Edited by Matthew Arnold
(Golden Treasury Series).

Shelley's Adonais.

Lamb's Essays of Elia (First Series).

Thackeray's Esmond.

Recommended for reference:—

Ward's English Poets, Vol. IV.

Craik's English Prose Selections, Vol. V.

The Anglo-Saxon, Middle English and Historical Grammar for Second or Third Year's Terms are the same as prescribed for the Junior Class:—

Sweet's Anglo-Saxon Primer.

Morris and Skeat's Middle English Specimens,
Vol. II.

Morris' Historical Outlines of English Acci-
dence (revised).

N.B.—Lounsbury's History of the English Language and Skeat's Primer of English Etymology will be found very useful.

ENGLISH AS A ONE-YEAR'S COURSE.

Students taking English as a one-year's course are required to take Junior and Senior English together.

SENIOR SCHOLARSHIP AND REPEATED ENGLISH.

A series of more advanced lectures on Early and Middle English and on the literature of the period will be delivered to students, who are familiar with the work of the Junior and Senior Classes, and who are working for a Scholarship or are taking English as a "repeated" subject in their Degree course. Unless this class can be taken with the Honours Class, the hours of meeting will be arranged, as far as possible, to meet the convenience of students.

The standard of work for Senior Scholarship and Repeated English will be intermediate between the Pass and Honours standards.

The work includes (in addition to that prescribed for B.A. or LL.B. section in English) a knowledge of the elements of Anglo-Saxon Grammar as given in Sweet's **Anglo-Saxon Primer** pp. 1-53: translation and explanation of passages of Anglo-Saxon prose from Sweet's **Anglo-Saxon Reader** (seventh or later edition), specimens I. to XVIII. inclusive, except XI. XII. and XVI. Translation and explanation of passages in verse and prose from Morris's **Specimens of Early English** Part I. (1150-1300), chapters X. to XIX. inclusive—and easy unprescribed passages of Anglo-Saxon Prose and Early English Verse and Prose.

HONOURS CLASS.

6. (1.) Members appointed pursuant to paragraphs (b) and (d) of section five hereof shall be appointed by resolution passed at a meeting of the Board or Council making the appointment.

(2.) Members elected pursuant to paragraphs (c), (e), (f), (g), and (h) of the same section shall be elected in manner hereinafter appearing.

(3.) The first appointments and elections of members pursuant to the said section five shall be made within the first seven days of the month of June, nineteen hundred and fifteen, or as soon thereafter as may be convenient, and the members so appointed or elected shall come into office on the first day of July, nineteen hundred and fifteen:

Provided that no appointment or election shall be made under the provisions of paragraphs (a), (e), or (g) of the said section, save for the purpose of filling casual vacancies, until the month of June, nineteen hundred and seventeen.

(3.) The members to retire from each of the groups mentioned in paragraphs (a), (c), (e), and (g) of section five hereof on the first day of July, nineteen hundred and seventeen, shall be those who have been longest in office.

(4.) The member to retire from the group mentioned in paragraph (b) of the said section five on the first day of July, nineteen hundred and seventeen, shall, on or before the first day of May in that year, be decided by lot amongst the members of that group.

(5.) Of the members elected under paragraph (b) of section five of the principal Act, the one who has been longest in office shall retire on the first day of July, nineteen hundred and fifteen; and the remaining members shall retire on the first day of July, nineteen hundred and seventeen; and in no case shall any election be made hereafter of members under the said paragraph.

19. Subject to the provisions of this Act, the Council may from time to time make by-laws for the purpose of regulating its own procedure, the conduct

of all elections under this Act, and the general administration of the affairs of the College:

Provided that such by-laws shall not come into operation until and unless they have been approved by the Governor-in-Council.

20. The Council may continue to act notwithstanding any vacancy in its body.

21. The Council shall cause exact minutes of all its proceedings to be kept, and also full and accurate accounts of all its receipts, disbursements, liabilities and engagements.

22. The seal of the Council shall be in the custody of the Chairman, and shall not be affixed to any document except pursuant to a resolution of the Council.

Provided that all such rules shall, before coming into operation, be submitted to and approved by the Council.

26. At its annual meeting the Board shall elect one of its members, being a professor, to be Chairman, and if it fails so to do the Council may appoint a professor to be Chairman for the year.

(Clauses 35 and 36 repealed by the Education Act Amendment Act 1907.)
